

# Sweet Waters

An Otter Bay Novel

by Julie Carobini

## ABOUT THE BOOK

There's nothing left for Tara Sweet in landlocked Dexon, Missouri. Her fiancé called off their wedding, her sister is moving to Manhattan, and now her mother is marrying a much younger man with plans for a yearlong honeymoon in Europe. Tara believes a move back to her childhood home of Otter Bay, California, will help restore the fun and fearlessness she's already missing in her twenties. Playing back memories of idyllic times spent there with her father along the majestic coast, a fairytale seems just around the corner.

Better make that a soap opera. After Tara finds a job in Otter Bay, makes friends at The Red Abalone Grill, and perhaps even a new flame in firefighter Josh, she begins to uncover shocking secrets about why her family left this heaven on earth all those years ago. And though she will have to question everything she has ever known, the faith that Tara must depend upon will be sweeter than ever before.
